Dear Maddame/Sir:

**Re: BCReserve Canna Corp. - International Market Representative**

---

The purpose of this letter is to advise you that BCReserve Canna Corp. has engaged Mr. Rob Arthurs, Arthurs Venture Inc. / Robert Arthurs International as our Market Representative.

BCReserve Canna Corp. is wholly Aboriginal owned hemp and cannabis business in British Columbia, Canada. We are looking to build our brand in Canada, the United States and Internationally, through business partnerships and various funding opportunities. BCReserve Canna Corp, wishes to be a leader in providing the highest quality of products to customers around the world, while ensuring our Aboriginal values are maintained.

One of those values is a commitment we have to give back 13% of our profits to charity for the health and wellness of Aboriginal communities and Veterans. Our initial efforts will be focused on communities we work in, where we are guests on the land, and to benefit urban Aboriginal communities. This is most important, as these areas are in the greatest need, with systemic issues created by government and identified in both the Truth and Reconciliation Commission, and the Missing and Murdered Indigenous Women and Girls National Inquiry “calls for Justice”

13% comes from the 13 Grandmother Moons teachings of the Anishinaabe, teachings of health and wellness. These teachings that are similar across Canada’s Aboriginal groups. BCReserve’s commitment stems from these teachings and wish to assist the most underfunded areas of healthcare in North America. We want to focus our efforts toward preventative health and wellness to assist in bettering the lives of our community for the future – Seven Generation Thinking. What we do today is not for ourselves, it is for our future generations.
